

Your Future
Is Here

Situated in the heart of Colorado's major economic and population centers and in close proximity to world-class research and academic institutions, Erie is a full-service community. Our population is educated, diverse and dynamic. We offer a higher percentage of college graduates than both the region and the state. In short, we have the space, infrastructure, and talented workforce to help your business prosper.

Erie By The Numbers: 300 New Single Family Homes Planned for 2014

Your Customers Keep Coming!

The Town of Erie is anticipating 300 single family building permits will be issued in 2014, with approximately half of those to be issued in the **Colliers Hill** development alone. Richmond American Homes and Shea Homes are expected to have their models open in the first quarter in **Colliers Hill**. Oakwood Homes has staked the land for their new development **Erie Highlands** located along the south side of Erie Parkway between Bonanza and County Road 5 (families to be moved in in time for Christmas). It is anticipated that grading will begin this year for the

Standard Pacific development **Compass** at the northwest corner of County Line and Arapahoe Road. Grading work is also anticipated to start at the newest proposed development **Andalusia** located along Highway 52. All of these will complement the current development activity already occurring at **Flatiron Meadows** by Meritage and Lennar.
